Workshop on CSS 3 and HTML 5.0 technologies by IAC Software
Solutions

ORGANISED BY

Department of Computer Science Engineering

DATED

22/07 /15

Summary Report

Department of Computer Science Engineering in association with IQAC (Internal Quality Assurance Cell) organized an extensive training workshop on CSS3/HTML5. The workshop was conducted by the IAC SOFTWARE SOLUTIONS in the college campus under the resource person, Mr. Waleed Qureshi, CEO IAC SOFTWARE SOLUTIONS.

The workshop provided students with much needed exposure to corporate methodologies and the techniques currently used in the market, and added value to their skill set.

The workshop included real life examples and interactivity to provide a robust and hands on training experience to sharpen their existing skills and add new ones. Besides it helped students to develop their personalities as the experts shared experience from the corporate sector.

COUNSELING SESSION WITH GUNEET SETHI

ORGANISED BY

SSM COLLEGE OF ENGINEERING

DATED

21/08/2017

SUMMARY REPORT

SSM College of Engineering in association with IQAC (internal Quality assurance cell) organized a counseling session for the faculty and students of the college on 21/08/2017. In this session Guneet Sethi, who is recipient of prestigious National Award winner for Empowerment of Persons with Disabilities by President of India in 2013, shared her experiences with faculty and students.

Guneet Sethi explained how she overcame challenges of visual impairment to mainstream her in professional industry. She motivated students towards research oriented activities, and to build confidence to remain focused in their careers.

The programme ended with open discussion and question answer session.

SSM organizes counseling session with Guneet Sethi

RISING KASHMIR NEWS

Srinagar: SSM college of Engineering and Tech organized a counseling session for students with Guneet Sethi, who is recipient of the prestigious National Award for Empowerment of Persons with Disabilities by the President of India in 2013.

She has received this award for her outstanding performance as a role model, among people with disabilities.

Guneet Sethi shared her experiences with faculty and students how she overcame challenges of visual impairment to mainstream herself in the professional industry.

She motivated the students of SSM College towards research oriented activities during strikes and shutdowns.

She also highlighted the importance of undeterred confidence and determination in students to remain focused in their careers.

The programme ended with question answer session whereby career options and other aspects were discussed.

SSM COLLEGE OF ENGINEERING & TECHNOLOGY CONDUCTS A SEMINAR ON 'POWER OF INTERNSHIPS' AS A PART OF INTERNSHIP DAY

MIRACLE ADVT | 9419022494

The SSM College of Engineering & Technology conducted a seminar on internships on Wednesday and 8th August 2018 in their college. All India Council for Technical Education (AICTE), in association with the internship and training platform, Internshala, has announced Internship Day to be held on 25th August 2018 to felicitate colleges with the best internship record on Internshala. The internship seminar was conducted as a pre-cursor to the Internship Day and to create awareness about internships among college students. 150 colleges across India would be organising similar seminars in their campuses in coming week.

These seminars are delivered by trained student representatives of Internshala, called ISPs, in the college campuses. The ISP from SSM College of Engineering & Technology, Nafeesa & Tanzeela, students from Business School & CSE Department held the seminar and explained the current employment scenario in India and how internships can help change it. They also briefed students about Internship Day and educated them on how they can land internships in their field of choice.

AICTE is working to improve the employability of students and has mandated internships for all the students enrolled in AICTE approved academic institutions. As a part of Internship Day, Internshala will assist AICTE approved colleges to provide meaningful internship opportunities for their students.

SSM College of Engineering & Technology 's Training & Placement Officer, Mrs. Yasmeen & Mr. Altaf Tali said, "Our vision at SSM College of Engineering & Technology is to help students in our college to be highly skilled and become job-ready. Internships help students to develop their skills even before they step out of the college. The seminar conducted on Wednesday as a part of the Internship Day event was informative for the students and they got an opportunity to clear their doubts regarding internships. We hope that the SSM College of Engineering & Technology students are able to land meaningful internships and kick-start their career."

TWO DAY NATIONAL WORKSHOP
“Data Analytics of Cloud Based IOT”

ORGANISED BY

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING

DATED

23-09-2017 and 24-09-2017

Summary Report

Department of Computer Science Engineering, SSM College of Engineering under IQAC (Internal Quality assurance Cell) organized a Two Day National Workshop on “Data Analytics of Cloud based IOT”.

Day one of the workshop covered a wide range of interesting topics and practical sessions stressing on the need for real time Data Analytics over Cloud to harness the real power of IOT.

Mr. S H Abbas Mehdi (Joint Director Software Technology Parks of India, Ministry of Electronics and Information Technology) was the chief guest on day one of the workshop. The other dignitaries present on the occasion included Mr. Shaheem Shah (Founder and CEO, LeLafe IT Solutions Pvt.Ltd), Dr. Shabir Ahmad Sofi (HOD IT NIT Srinagar), Dr. Shahnaz (Senior Asst. Professor

Kashmir University), Mr. Nadeem (Informatica,USA) and Mr.Utsav(Advance Technologies Chandigarh).

Day one of the techvaganza saw enthusiastic participation from participation the students, research scholars and faculty members from the IT and computer science sector. The event has been sponsored by J & K Bank.

More interesting sessions and workshops had been lined up for day two of the workshop.

SSM COLLEGE OF ENGINEERING & TECHNOLOGY
DIVAR PARIHASPORA PATTAN KASHMIR (J&K) 193121

A National level two days workshop on "Data Analytics of cloud based IoT" was conducted at SSM College of Engineering & Technology on 23rd and 24th September 2017 which attracted many participants from within and outside the State. It hosted speakers who were IT professionals and experts from industry and academia. Mr. S.H. Abbas Nehvi, Joint Director Software Technology parks of India was the chief guest. The other keynote speakers included Dr. Shabir. A. Sofi, HOD (IT) NIT Sgr, Mr. Jahangir, Mr. Kalimullah, Assistant Professors NIT Sgr, Dr. Ajaz, a Post Doctorate fellow from UK.

The opening ceremony was initiated by Honorable Vice-Chairperson of the College Mrs. Dilafrose Qazi with lighting of lamp of knowledge along with other dignitaries. Welcoming the dignitaries the Principal addressed the audience with his valuable words of wisdom and highlighted the need to acknowledge the importance of cloud computing and big data in our lives. The two days of insightful presentations, discussions covers the current state of the art in Big Data technologies, standards, platforms and solutions from both the academia and industry perspective. Furthermore, it highlighted big data impact on the development of people, business organizations, and governments and eventually the value added services it provides.

The two days event was a platform for young learners to appreciate the importance of big data and cloud computing present scenario. Participants were introduced to the concept of business analytics with big data technologies: Hadoop, Hive and HBase. It highlighted the basic principles, concepts, and techniques used for big data and business analytics, which includes Hadoop, HDFS & Map Reduce, Apache HBase and Apache Hive. The Honorable Chairman of the college Dr. Qazi Shabir Ahmad closed the ceremony in his validictory address. The event culminated with his vote of thanks wherein he thanked the participants, speakers and organizers for conducting the event successfully.

ABOUT WORKSHOP

How to harness the power of Internet of Things? Since the amount of data from IoT sensed information is increasing with time, Cloud computing provide only partial solution to the increased number of IoT devices. The real power of the IoT can be harnessed if the Data Analytics can be done in real time. This all leads to collaborative approach towards Data Analytics of Cloud based IoT.

Visit of Prof.(Dr.)P.N Razdan Hon'ble Vice Chancellor of
D.Y.Patil Vidyapeeth university Pune.

SUMMARY REPORT

Prof.(Dr.)P.N Razdan Hon'ble Vice Chancellor of D.Y.Patil Vidyapeeth University Pune, who is also the member of the governing body of our institute made brief visit to our campus on 01-06-2016 for having interaction with all senior functionaries, faculty members and some senior students of the institute.

In his address, **Prof. Razdan** shared his rich experience in academic arena and stated that the youth of Kashmir region in particular and the civil society in general are fortunate enough in having such technical institute to offer different engineering and professional courses with all convenience and excellence for which entire credit goes to its promoters.

Prof. (Dr.)P.N Razdan threw light on pedagogy and modern techniques of teaching especially in reference to engineering and technology. He stated that the role of teachers has by now changed from the routine business of teaching to create problem solving capabilities to make Teaching Learning process pragmatic and relevant. He emphasized at focusing on value added learning beyond the sphere of syllabi and evolving an innovative approaches by undertaking new and creative study projects in conformity with the local geo-climatic and socio economic set-up. He also underscored the need for mentors in all departments to carry out corrective measures

RESOURCE PERSON: Prof. (Dr.)P.N Razdan threw light on pedagogy and modern techniques of teaching especially in reference to Engineering and Technology.

Debate on “Eradicate Corruption build New India” 30th Oct.2018

Department of Civil Engineering SSM college of Engineering in collaboration with Power Grid Corporation of India Ltd. organized a debate on “Eradicate Corruption Build New India” In the College seminar Hall on 30/10/2018. The event started with the inaugural address by the Principle Prof. Dr N. A. Shah who stressed for the need of eradication of corruption if a nation has to remain alive, and emphasised that Youth is the Driving force and sensitizing them is the prime responsibility of the society. Prof. Nazir Ahmad Shah Registrar pointed out that corruption has crept in every sphere of our system; if the issue is not addressed right now it can tell upon the very existence of our nation.

Addressing the gathering General Manager Power Grid Corporation of India Ltd. Mr Shafat Ahmad Wani said that in order to free the society there by the nation, from the deep rooted tentacles of corruption the travel starts from an individual. Once an individual is sincere and honest to his words and deeds the society is bound to change. Senior DGM Power Grid Corporation Mr. Arshid H. Khan also addressed the gathering and assured that such programmes shall be conducted in the college in future also with broader participation of other institutions of the valley. 122 Students participated in the event. Later prizes were given to best three competitors. First prize was bagged by Mr. Syed Maroof followed by Ms. Madiha Qazi and Ms. Nafeesa.

Plantation Drive 28th March 2019

Department of Civil Engineering SSM college of Engineering in collaboration with Department Of Environment and Remote Sensing. Organised a plantation day on 28 th March 2019. On the occasion Prof. Dr. N. Shah Principal SSM college of Engineering addressed the gathering and inaugurated the event along with Regional Director Dr.Syed Javaid Ahmad Andrani from department of environment and remote sensing with the famous slogan (SHRUK) of Sheikh Noor-Ud- Din Wali “Ain Poshi Teli Yeli Wan Poshi” It was made clear that Human Race could Survive on the planet as long as there are ample trees, otherwise life will cease its cycle due to Air pollution and scarcity of food.

First Devdar Sapling was planted By Honourable Vice Chair Person Madam Dilafroza Qazi in presence of dignitaries there after saplings supplied by The social forestry department were planted by dignitaries from the college and Department Of Environment and Remote Sensing. 108 students of the department of Civil Engineering participated in the event. The event was co- ordinate by Mrs. Shaista Parvez.

Cleanliness drive under “Swach Bharat Abhiyan” 06th October 2015

Department of Civil Engineering SSM college of Engineering in collaboration with Department Of Environment and Remote Sensing. Organised Cleanliness drive on 06th October 2015. Addressing On the occasion Prof. Dr. N. Shah Principal SSM college of Engineering quoted famous Hadees (Saying) of Hazrat Mohammd (PBUH) that Cleanliness is half of Iman. It is well said that cleanliness is next to Godliness .Once a man keeps himself and environment around him clean, It conveys an impression that others are safe at his hands. About 40 students from 4th semester took Part in the event.

Painting Competition Theme “Mother Earth” on environment day 28th March 2016

Department of Civil Engineering SSM college of Engineering in collaboration with Department Of Environment and Remote Sensing. Organised a Painting competition on 28th March 2016 in Open Air Theatre of the College . On the occasion Prof. Dr. N. Shah Principal SSM college of Engineering addressed the gathering and inaugurated the event along with Mr. Muzaffar Ahmad Bazaz, Mass media officer Department Of Environment and Remote Sensing. It was an excellent event where in the students of the college exhibited their talent It is worthwhile to mention that the theme was given just at at the start of the competition. Students were given 2 hours to think and draw.

The assessing team comprised of well-known painting expert. 30 students participated in the event and three best paintings were awarded trophies at the end of the event.

Plantation Drive 04th August 2015

Department of Civil Engineering SSM college of Engineering organised a plantation day on 04th August 2015. On the occasion Honourable VCP Mrs Dilafroza Qazi inaugurated and addressed the gathering.

A Devdar Sapling was planted By Honourable VCP Person Madam Dilafroza Qazi in presence of college dignitaries there after saplings supplied by The social forestry department were planted by dignitaries from the college. 95 students of the department of Civil Engineering participated in the event. The event was co-ordinate by Mrs. Shabina Masoodi, Head Of the Department of Civil Engineering.

INTERNAL QUALITY ASSUARANCE CELL (IQAC)

Two Day National Workshop on Effective Research Methodology November 21st and 22nd – 2017

Business School with the approval of Internal Quality Assurance cell of SSM College Of Engineering, Parihaspora Pattan conducted a two day national workshop on

“Effective Research Methodology” on 21st and 22nd of November 2017. The event was attended by various eminent personalities of different Universities/Institutions, scholars, faculty and students of the college.

Dr. Rahila Farouqi , Proessor, Centre of Management Studies, Jamia Millia Islamia-New Delhi, was the Chief Guest of the event. The other key speakers included Dr. Mehraj-ud-din shah, Director Business School Islamia College Sgr, Dr. Khurshid A Mir, Associate Professor AAAMDC Bemina, Prof Iqbal Hakeem, Department of Management studies, University Of Kashmir, and Prof. Mushtaq A . Siddiqui Associate professor, Department of Management studies, University of Kashmir.

The Vice-Chairperson of the college Dilafrose Qazi opened the event and the welcome address was presented by Director Business School Dr. N.A.Shah.

Since the methodology is the scientific approach to any research .The importance of proper use of research methodology is the need of the hour because it gives rise to diversity of perception, description, conception and even misconception about the topic under study. During the workshop participants were asked to focus their research areas on the topics that will benefit the community, society and world at large.

The event also acted as the faculty development program (FDP) as it enhanced the knowledge and importance of research work in academics among the faculty which is the need of the hour.

The Principal of the college Prof.(Dr.) Nazir A. Shah closed the ceremony with a valedictory address thanking all the participants, speakers and organizers for conducting the event successfully.
