Training & Placement Brochure

SSM College of Engineering, Parihaspora Pattan, Jammu & Kashmir, 193121

From the Principal's Desk

A key element in a professional curriculum is an exposure to the necessary skills that increase the job acumen of the students through Internships and Trainings in relevant companies. Our prestigious institution not only lays emphasis on the technical and research aspects of training but stress is also laid on the overall growth of a student so as to mould them into future professionals by encouraging them to interact effectively in order to enhance their communication skills. We ensure the nurturing of multi-skilled professionals with good technical knowledge, management, leadership and entrepreneurship skills. The understanding of the importance of sustainability and cost-effectiveness in design and development is also emphasized.

Dr. Sajad Hussain Din
(Principal)

Message from TPO

The office of Training & Placement (OTP) works efficiently and tirelessly, ensuring fruitful career for students, across various industries and helping individual's endeavour to be a successful entrepreneur. We provide our students with good facilities and healthy environment so that they fully imbibe the concepts and therefore are ready to face the industries. I sincerely thank all the companies/industries that visited our campus for recruitment and internship. We in OTP will continue its efforts in this direction by facilitating industrial training/internships, and inviting companies/institutions/organizations of repute for placement.

Mrs. Insha S.Qazi
(TPO)

A green hexagonal graphic with a slight 3D effect, featuring the word "VISION" in white capital letters in the center.

VISION

The training and placement cell endeavours to substantiate the career dreams of students by equating them to industrial parameters and in the process provide holistic individuals to the corporate sector and the society

To produce students who are ready for industry exposure by facilitating them with internships and training programs in reputed organizations.

To provide industrial visits ,MoUs to students and promote industry institute interaction through lectures by experts.

To imbibe competency in students through technical & soft skills development programs.

MISSION

OBJECTIVES

To provide opportunities for real world exposure to students by facilitating internships and industrial visits.

To maintain links with companies for campus placement.

To collect feedback from past recruiters to explore the scope for continuous improvement.

OFFICE OF TRAINING AND PLACEMENT

The college has a separate Office of training and placement managed by a dedicated team. OTP is a platform for the Training and placement of students and acts as a window between students and the outside organizations. OTP establish contacts with industrial houses to arrange training and placements of students. we ensure better training and placements for all by constituting a dedicated training and placement committee comprising of faculty and students selected after a transparent and impartial process.

Guest Lectures and Training Programs are arranged for the students. We always endeavor to build such capabilities among the students in a systematic manner. The training and placement division has a focused approach to prepare students right from the second year of joining the college. We address two different aspects of students' capability. Experienced teaching staff takes care of the technological abilities to recall knowledge gained during academics for application at work place and secondly the soft skills required which plays an important role in the industry today. This training includes personality development, communication skills, and extensive exercises to inculcate analytical abilities empowering students to interpret data faster. OTP conducts following key activities regularly

- ❖ Motivational lectures
- ❖ Expert lecture\industry talks
- ❖ Industry academe conclave
- ❖ Industrial visits and internships
- ❖ Personality development program
